- One Positive!
- Meditation Committee- If you would get the word out that we need people are interested.
- Natural High Options- A program that has students look at other choices for a natural HIGH instead of drugs.
  - Years of conversations about the problems with drugs at UCHS with the PTSA.
- Continue cycles of PDs for teachers in Common Core.
  - UCHS is looking for a few teacher-leaders to train with district staff.
  - Teacher-leaders would then come back to departments and share their area of expertise.
  - We need at least 2 math teachers and two or more ELA teachers. There is additional pay for extra work required for PD session for site teachers.
  - Will investigate whether we can send the same person a couple of times and then see if we can send a new teacher-leader.
  - 8 trainings. Starts, 10/6. Once a month.
- Master Schedule- we're not far from being done.
  - They are giving us 1 FTE.

- 12 kids that don't have a schedule for a period. Oasis is now called Power up.
- Other than Susan Hooker's Earth Science and one Power Up class for Gail Hall, all resource teachers have been freed up. Thank you Arron Pores.
